

REGISTRATION

Sophomores

2010-2011

When high school students register for classes for the 2010-2011 school year, and beyond, students need to consider the following.

Things to think about when registering:

- If you plan on attending a four year college in the state of MN, you will be required to have two years of foreign language in high school.
- Choir and Band each count $\frac{1}{2}$ credit per year.
- By the time you graduate, you will need at least one (1) full credit of Fine Arts, which you can earn by taking Art, Band, and/or Choir.
- Are there any required courses from previous years that you need to retake for high school credit?
YES or NO If yes, what courses?

Where do you plan on taking these classes?

At AHS or at an Area Learning Center
